HIMALI VERMA

Project & Program Delivery Manager | Operations | Client Success
Gurugram, India | himaliheer@gmail.com | LinkedIn

ABOUT ME

Project Delivery Manager with senior-level experience leading complex, multi-stakeholder programs in aerospace, investment consulting, and AI-driven technology. Delivered AED 1.7 M revenue in 11 months with 100 % SLA adherence and a 25 % boost in client retention at Coral Wealth, and reduced operational cycle time by 70 % across a ₹20 Cr procurement portfolio at KassTech Aerospace. Currently oversees delivery for six enterprise accounts at TrueFan AI, serving as the primary liaison between founders and clients. Seeking to leverage execution expertise and stakeholder fluency to drive growth and operational excellence for forward-thinking organizations.

WHAT I BRING

- Project & Program Delivery, PMO Operations, Client & Stakeholder Management, Cross-Functional Team Leadership, Six Sigma / ISO 9001, Risk & Budget Management, Business Development, SharePoint, Executive Communication, Enterprise Account Management, Project Scoping & Planning, Process Improvement, Quality Management Systems (QMS), Tender & Bid Management, Procurement & Vendor Management, Digital Marketing (SEO/SEM/PPC), Operations Management, Customer Success & Client Retention, SLA & Governance Management, MIS Reporting & Dashboards, Power BI, Salesforce CRM, Jira, AI Workflow Tools (Claude, ChatGPT)

EXPERIENCE

TrueFan AI | ***Project Delivery Manager*** **Apr 2026 - Present**

- Run delivery for 6+ enterprise accounts at once, across BFSI, paints, building materials, NBFC, and home lifestyle sectors, without a single missed deadline
- Serve as the first point of contact between the founding team and clients, translating complex briefs into execution plans and coordinating cross-functional delivery through completion
- Manage competing priorities daily across very different industries, from a public sector bank to a paints major, keeping quality consistent across all of them

Coral Wealth Investment | ***Project & Operations Manager*** **Jan 2025 - Dec 2025**

- Managed cross-border client delivery for a portfolio of 1,000+ clients across the UK, US, UAE, and India, running 3 programs at once from scoping through delivery and final reporting, ensuring complete delivery across all programs
- Delivered AED 1.7M in revenue within 11 months through KPI-driven program execution, while owning the business development pipeline from needs assessment to closed deals
- Coordinated 5 cross-functional teams across 3 time zones, including Finance, Operations, and Client Servicing, delivering 100% of projects on time and within budget with 100% SLA adherence over 12 months
- Introduced Power BI dashboards that improved client retention by 25% and gave C-suite leadership real-time visibility into delivery, spend, and risk
- Ran project budgeting and cost control with the Finance team and led weekly governance reviews, presenting risk and performance updates directly to executive leadership to support timely decisions and stronger control of project spend and delivery risk

KassTech Aerospace | ***Manager, Applications · QMS Internal Auditor · Application Engineer*** **Jan 2021 - Jan 2025**

- Directed a procurement and operations portfolio worth ₹20 Cr+ across aviation and aerospace projects, leading cross-functional teams across procurement, engineering, and supply chain
- Managed 35+ vendors and OEM suppliers, including 5+ government agencies, with 100% on-time delivery across a 4-year tenure
- Cut operational cycle time by 70% through Salesforce CRM workflow automation and process redesign, and built MIS dashboards tracking vendor KPIs, cost performance, and contracts from ₹1L to ₹10 Cr
- Led strategic bidding end-to-end for government tenders, from reading tender documents and building presentations to managing online bids and winning contracts
- Implemented and audited the ISO 9001:2015 Quality Management System as an SGS-certified Lead Auditor, supporting audit readiness, risk management, and continued compliance
- Ran the company website, SEO, SEM, PPC, email, and social campaigns with Google Analytics reporting, plus content production and industry exhibitions, to support business development
